Space Agreements: Provide protection from any rate increase for the term of the agreement. Contracts also ensure frequency discounts at the same rate of discount despite a size increase of the ad. Long-term contract holders may also receive preferential placement and additional added value opportunities at the discretion of the Publisher.

Billing: All advertisers must pay half down at ad placement and the remaining balance at proof. Billing accounts are available with prior credit approval. Upon prior credit approval, net due 30 days after billing date. Collection charges—including attorney fees and court costs—are added to outstanding bills.

Graphic Design: Basic graphic design service is included in the price of each ad. Our team of professional graphic artists will assemble an effective, eye-catching ad using client provided logos, pictures and copy at no extra charge. The client will receive one (1) proof to check for spelling, inclusion of client provided graphics and contact information. Graphic design work that requires the development of original graphic elements, logos or other advanced design/layout as determined by the Publisher, or that is received after the printed materials deadline, will have the option to be billed at the hourly rate or referred to an outside agency at the client's expense.

Agency Commissions: 15% of gross to recognized agencies for placements of print-ready artwork billed to the agency. Commissions rescinded to accounts over 30 days past due. Some special promotions are non-commissionable at the sole discretion of the publisher.

Political Advertising: All political advertising—including advertising for candidates, bond issues, referenda and political causes—will be billed at the Rate Card Price and is payable in advance and must carry a paid in advance acknowledgement.
